

ASCO-ROOT

GRANULAR SEAWEED EXTRACT 0-0-20

DESCRIPTION

ASCO-ROOT is a concentrated extract of cold water seaweed *Ascophyllum nodosum*. ASCO-ROOT contains 70% of water soluble solids encapsulated in a unique matrix of insoluble polysaccharides. ASCO-ROOT releases its soluble seaweed content in the soil and reabsorbs several times its weight in water. ASCO-ROOT promotes rooting and can be advantageously used at seeding and transplantation.

DIRECTIONS FOR USE

Apply 3.5 lbs to 7 lbs of ASCO-ROOT per acre at seeding or transplant. Blend ASCO-ROOT with mineral fertilizer of similar density and particle size or blend with some soil if needed to ensure good coverage. ASCO-ROOT must be used as a part of a complete fertilization program. Keep the product in a cool location away. Keep out of reach of children.

GUARANTEED MINIMUM ANALYSIS

Soluble potash (K_2O)20 %
Derived from kelp

NOTICE OF WARRANTY: The manufacturer warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of the manufacturer. In no case shall the manufacturer be liable for consequential, special or indirect damages resulting from the use or handling of this product. The manufacturer makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
